Tulsa . . . a young city in a new age, an age when the youth of tomorrow will be confronted with ultra-modern problems. A volume goes into the construction of an affluent society which is only obtainable through the conscientious endeavors of each individual. The complexities of this new society will be subjugated by the efforts of informed, responsible citizens. Nathan Hale Senior High School provides a curriculum to meet the challenges of this fast-changing world. The Patriot succinctly records the exciting contemporary progression of the student body at Hale.

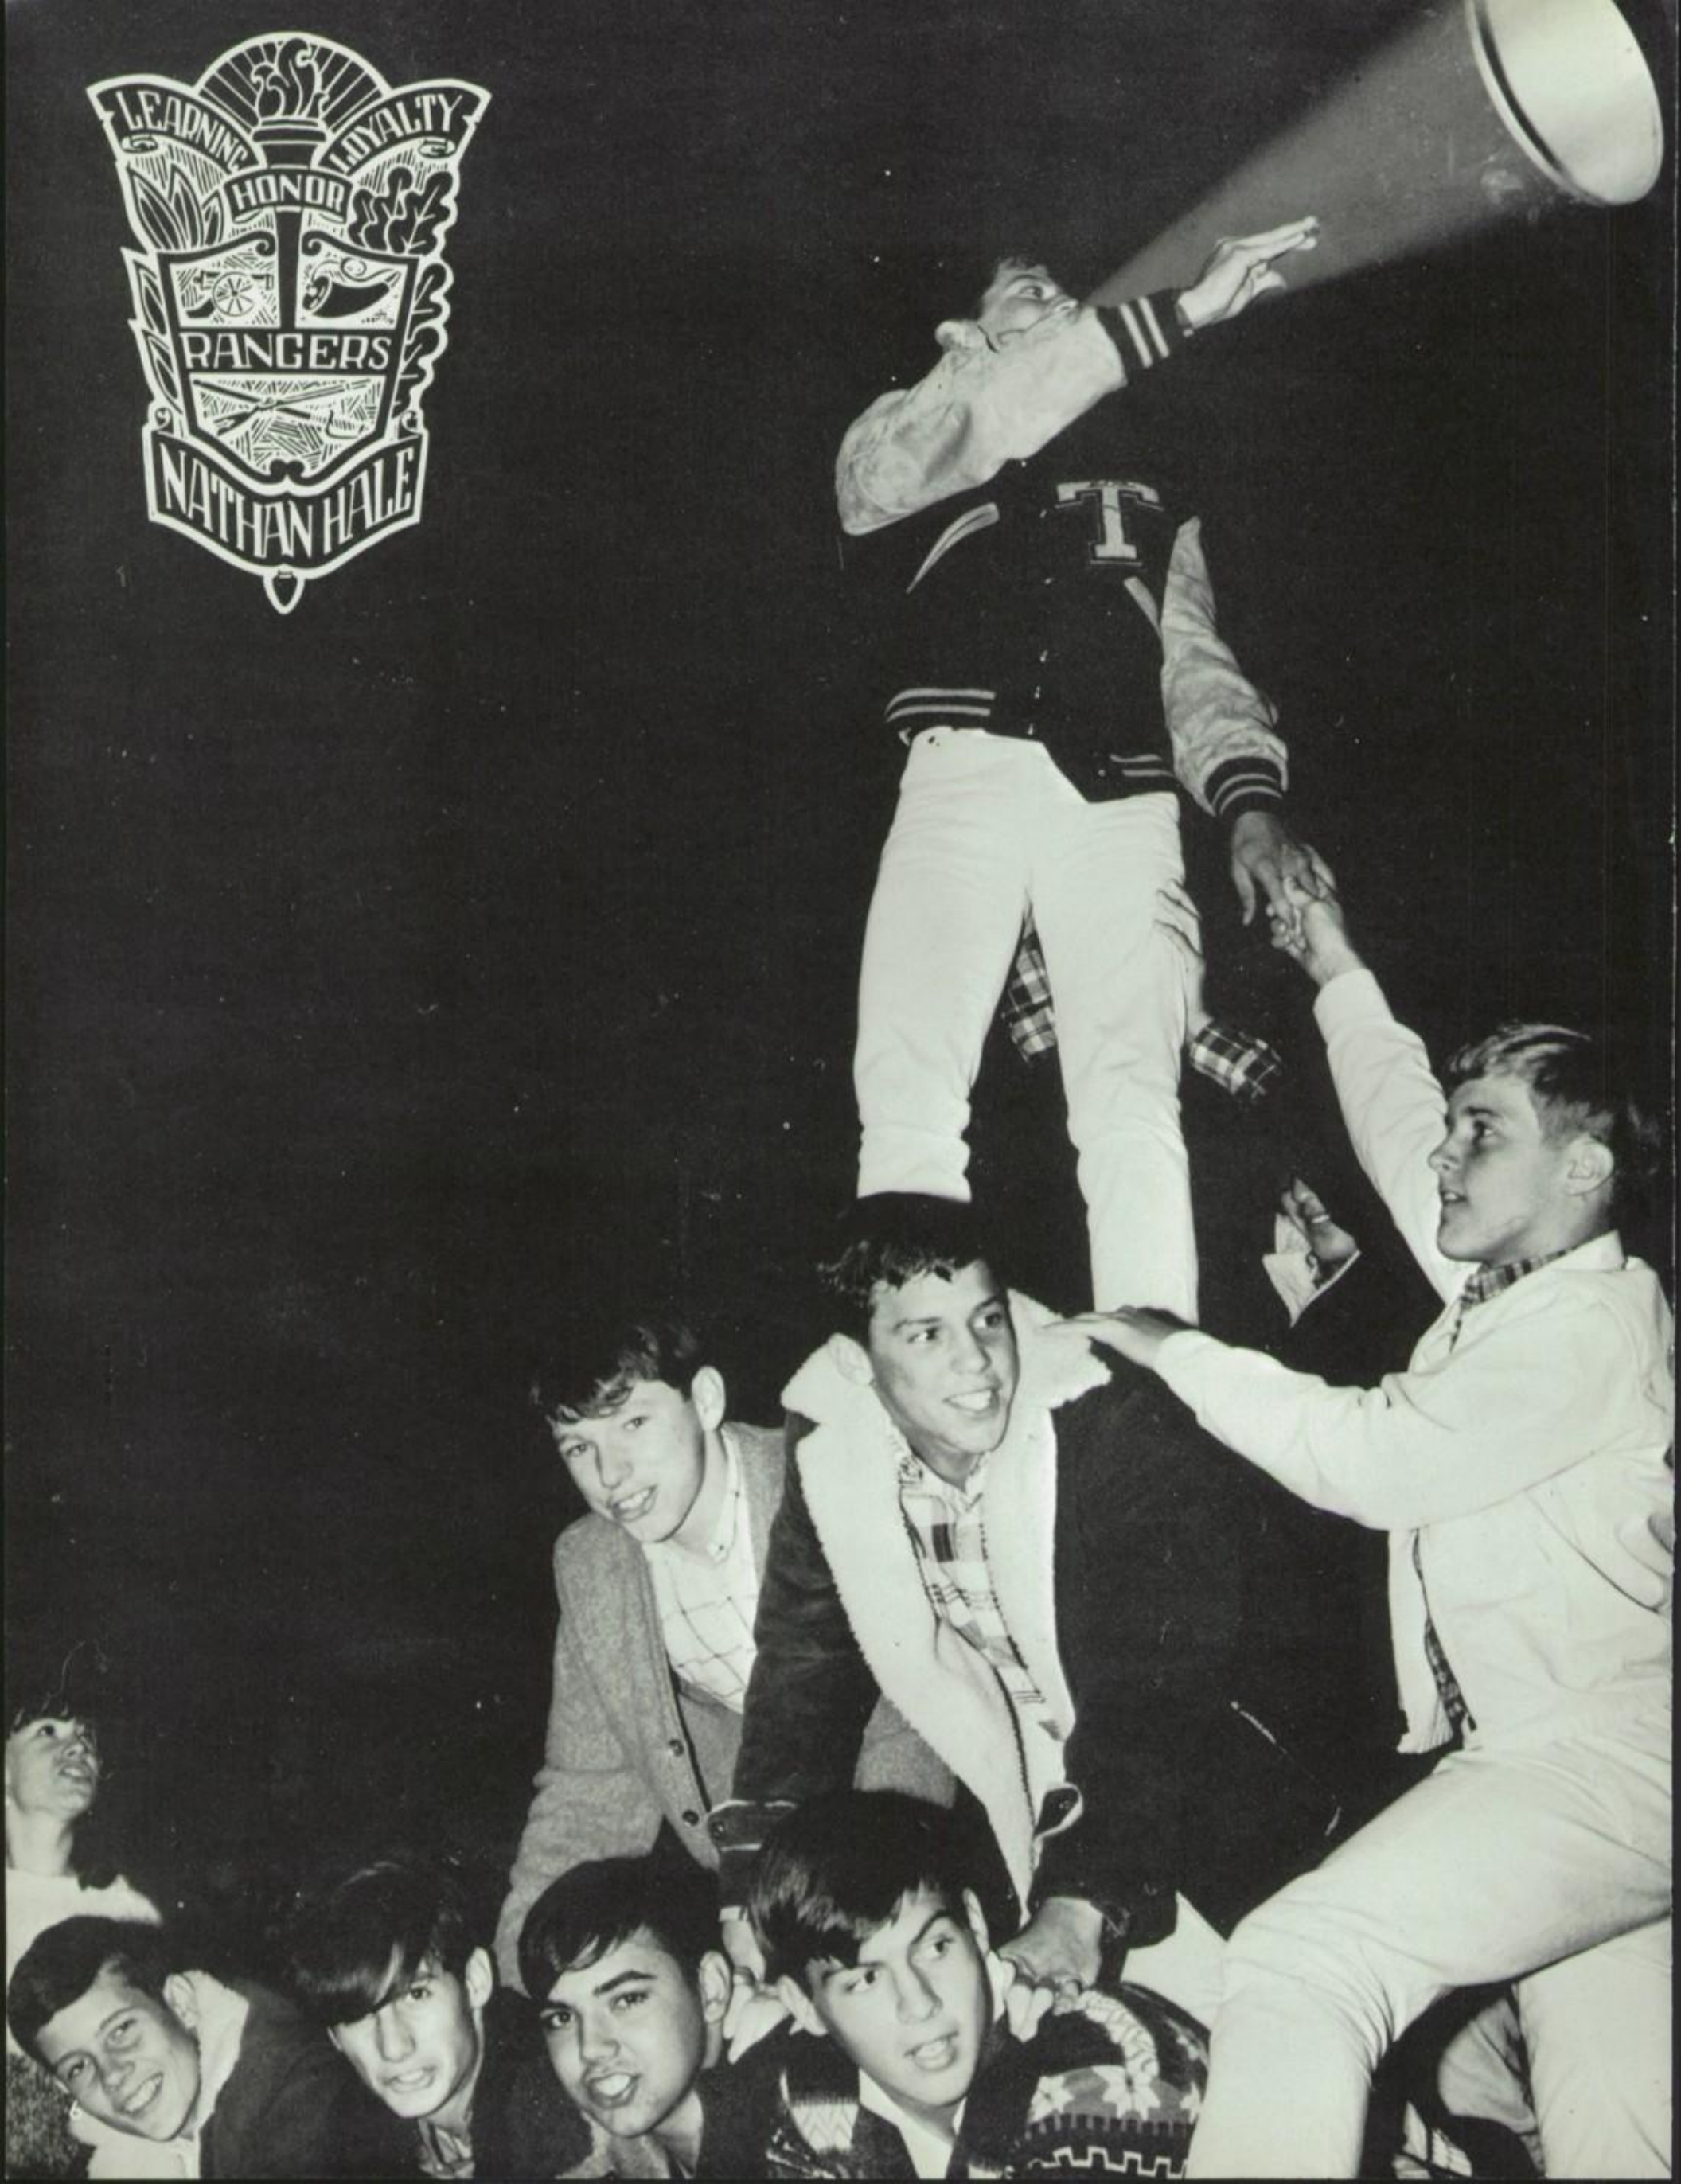

Rangers of

the Atomic Age . . .

. . . Lift-Off!

Learning, Honor and Loyalty

Tranquility is the prevalent factor at the moment. Just as months of preparation go into the make-up of a Gemini lift-off, years of education go into the development of one Ranger ready to embark upon the uncharted trip into the future. Carefully the essential elements which will constitute the rocket's payload are incorporated.

Learning, honor, and loyalty are instilled into each individual's character at Nathan Hale Senior High School and it is the Patriot's hope that these qualities will remain uppermost throughout every Ranger's life.

The calm has passed now. Silence has been shattered by the confusion of preparation as each Ranger anticipates a role as a citizen of the Atomic Age. It is the desire of the Patriot Yearbook staff that this annual may serve as a reminder of each student's progress toward his own lift-off.

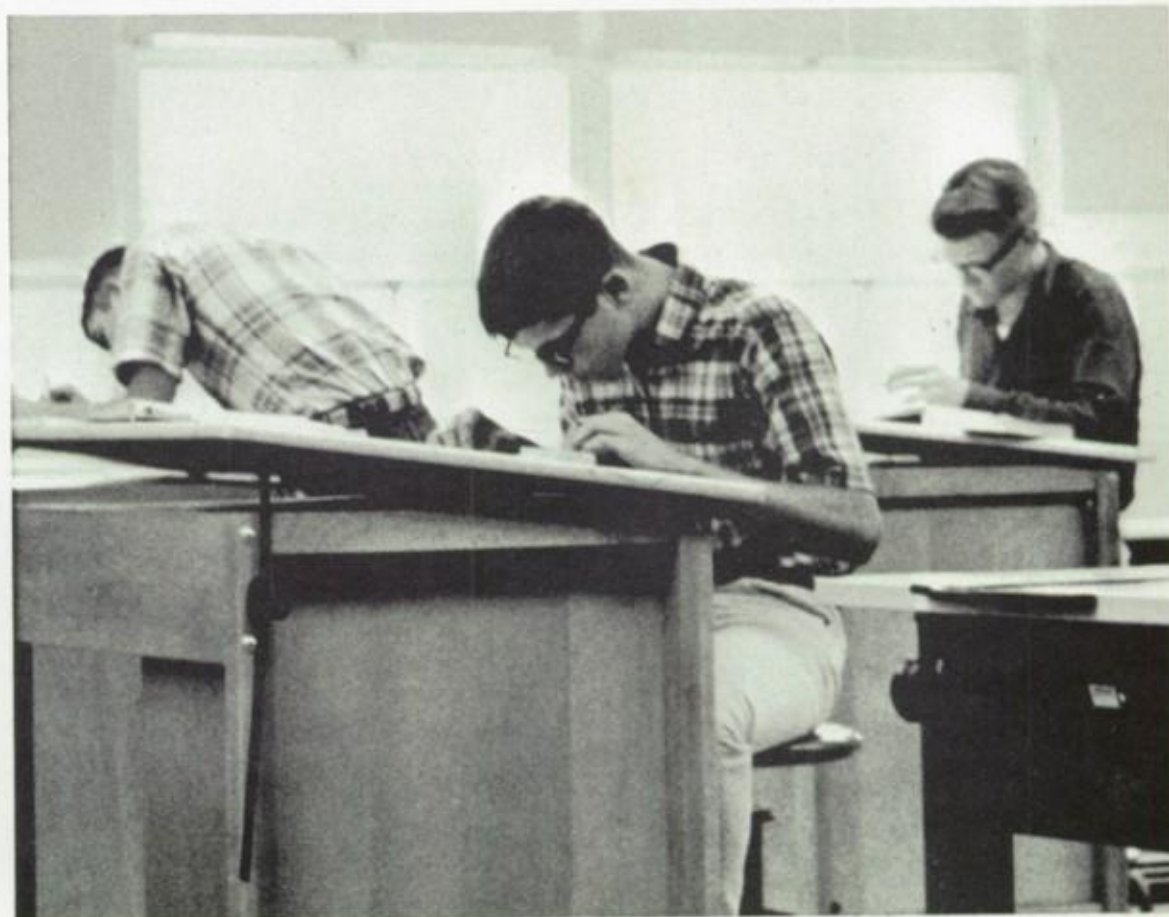

Chris Minardi, Hale Senior, anticipates the Honor of graduation.

Don Humphreys displays Loyalty as he presents the flag in Assembly.

Study and concentration are two factors of Learning that Larry Collins, John Klahr, and Mike Clinton discover.

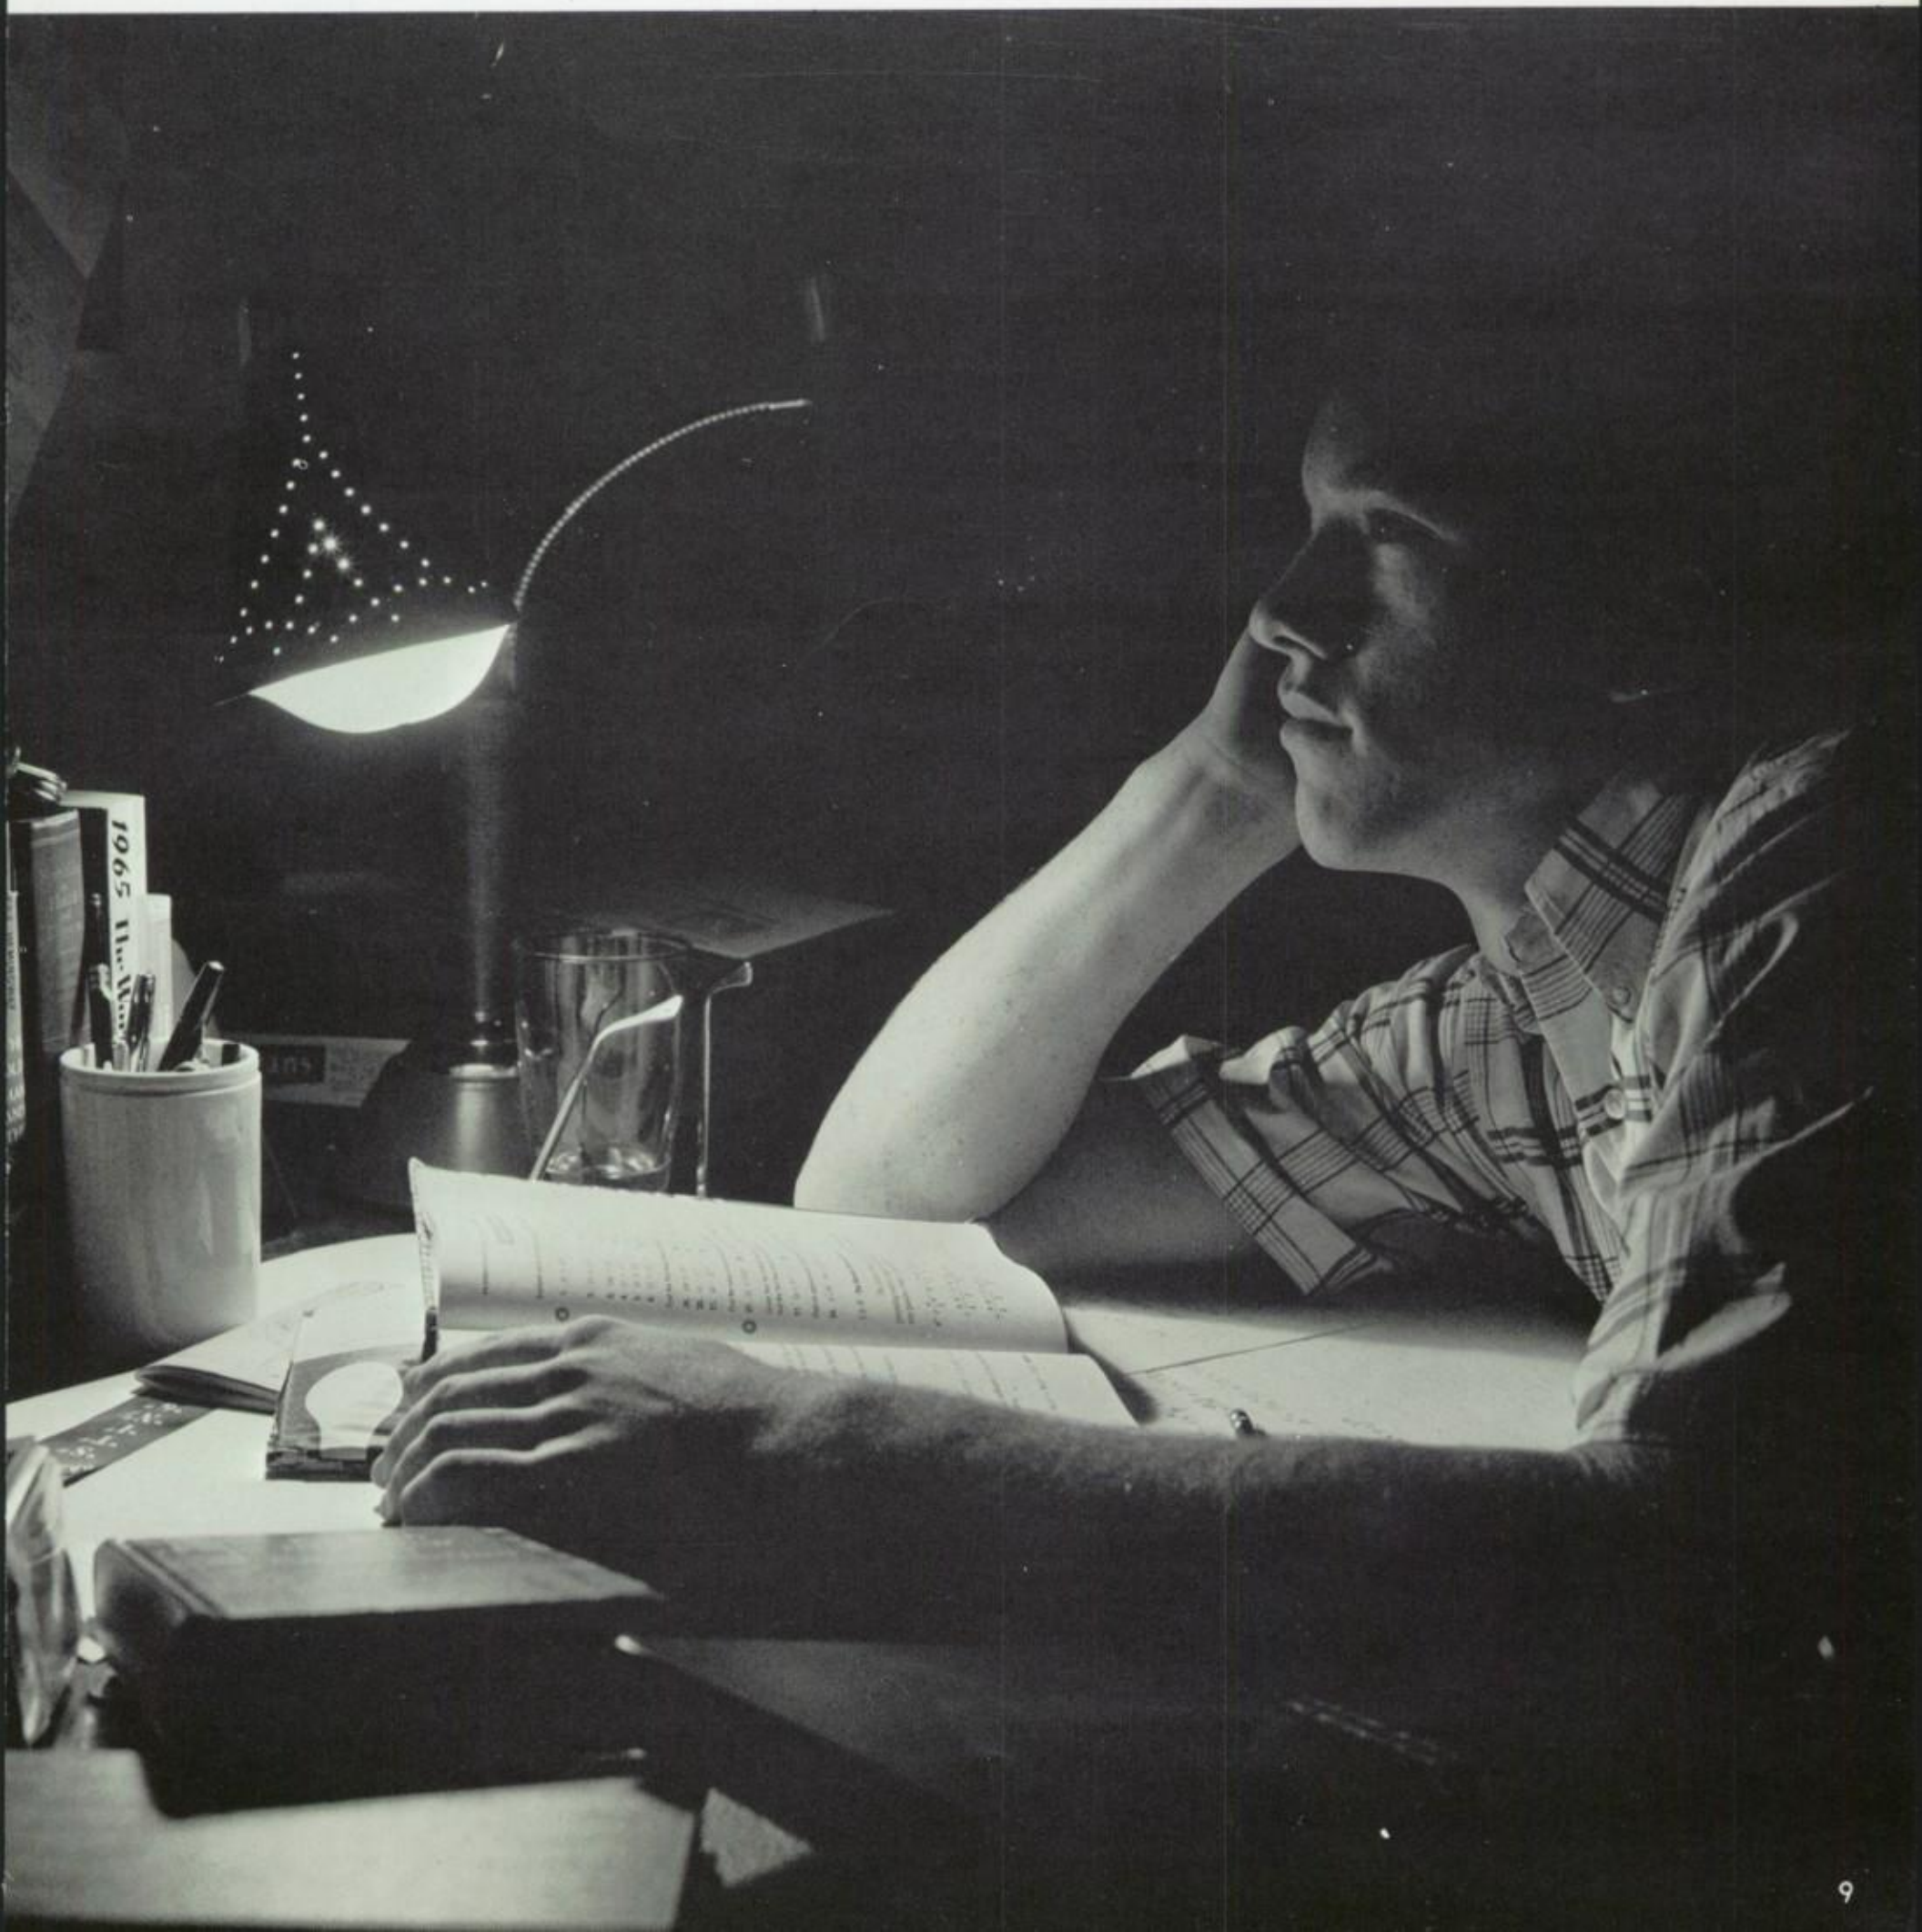

Lift-Off to

Instruction, investigation, and study is the process of learning. The Rangers of the Atomic Age are of a generation facing a more adamant challenge from learning than any other generation in mankind's history. The fact is voiced that the present generation of youth must continually learn to keep pace with this ever-changing and growing sphere. As the heirs of the American way of life, it is the responsibility of the youth of today to accept the overwhelming challenge learning presents, and never cease the quest for new ideas. The foundation for the lives of today's youth is now being constructed. It is a Ranger belief that the most important plateaus of one's foundation consist of learning, honor, and loyalty. The curriculum at Nathan Hale Senior High School instills a zealous desire for knowledge. The desire in itself makes for a solid foundation enabling people capable of lift-off to establish a brilliant future.

. . . Learning!

CODE OF ETHICS

We, the students of Nathan Hale, wish this code of ethics to be considered a declaration and affirmation of our standards and goals as teenagers. The nature of our code is such that there will be no enforcement of its statutes and statements. This code is a proclamation of ideals, not of rules, and we, as individuals, accept the responsibility for achieving the goals set forth in the following areas:

CHEATING We, the students of Nathan Hale, realize that cheating is intolerable, and that dishonesty in any learning situation merely cheats the offender.

DRIVING We, the students of Nathan Hale, recognize our moral obligation for safe, responsible driving. We hereby pledge to practice alert and sensible driving, and to observe the laws of traffic safety and road courtesy.

DRESS We, the students of Nathan Hale, shall try to earn the respect of our peers and elders by maintaining high standards in our dress and appearance. While we acknowledge the freedom of individual preference, we also highly respect those standards of our American society which dictate the reasonable bounds of good taste in dress and demeanor.

PROPERTY RIGHTS We, the students of Nathan Hale, respect the property rights of others. We will not condone any form of vandalism, destruction, or theft in our city.

BEHAVIOR AT SCHOOL FUNCTIONS We, the students of Nathan Hale, recognize that our behavior at school functions reflects on teen-agers as a whole and in particular our school. We will therefore act maturely through our actions and language, in such a way as to set a good example and to gain the respect of our fellow Tulsans.

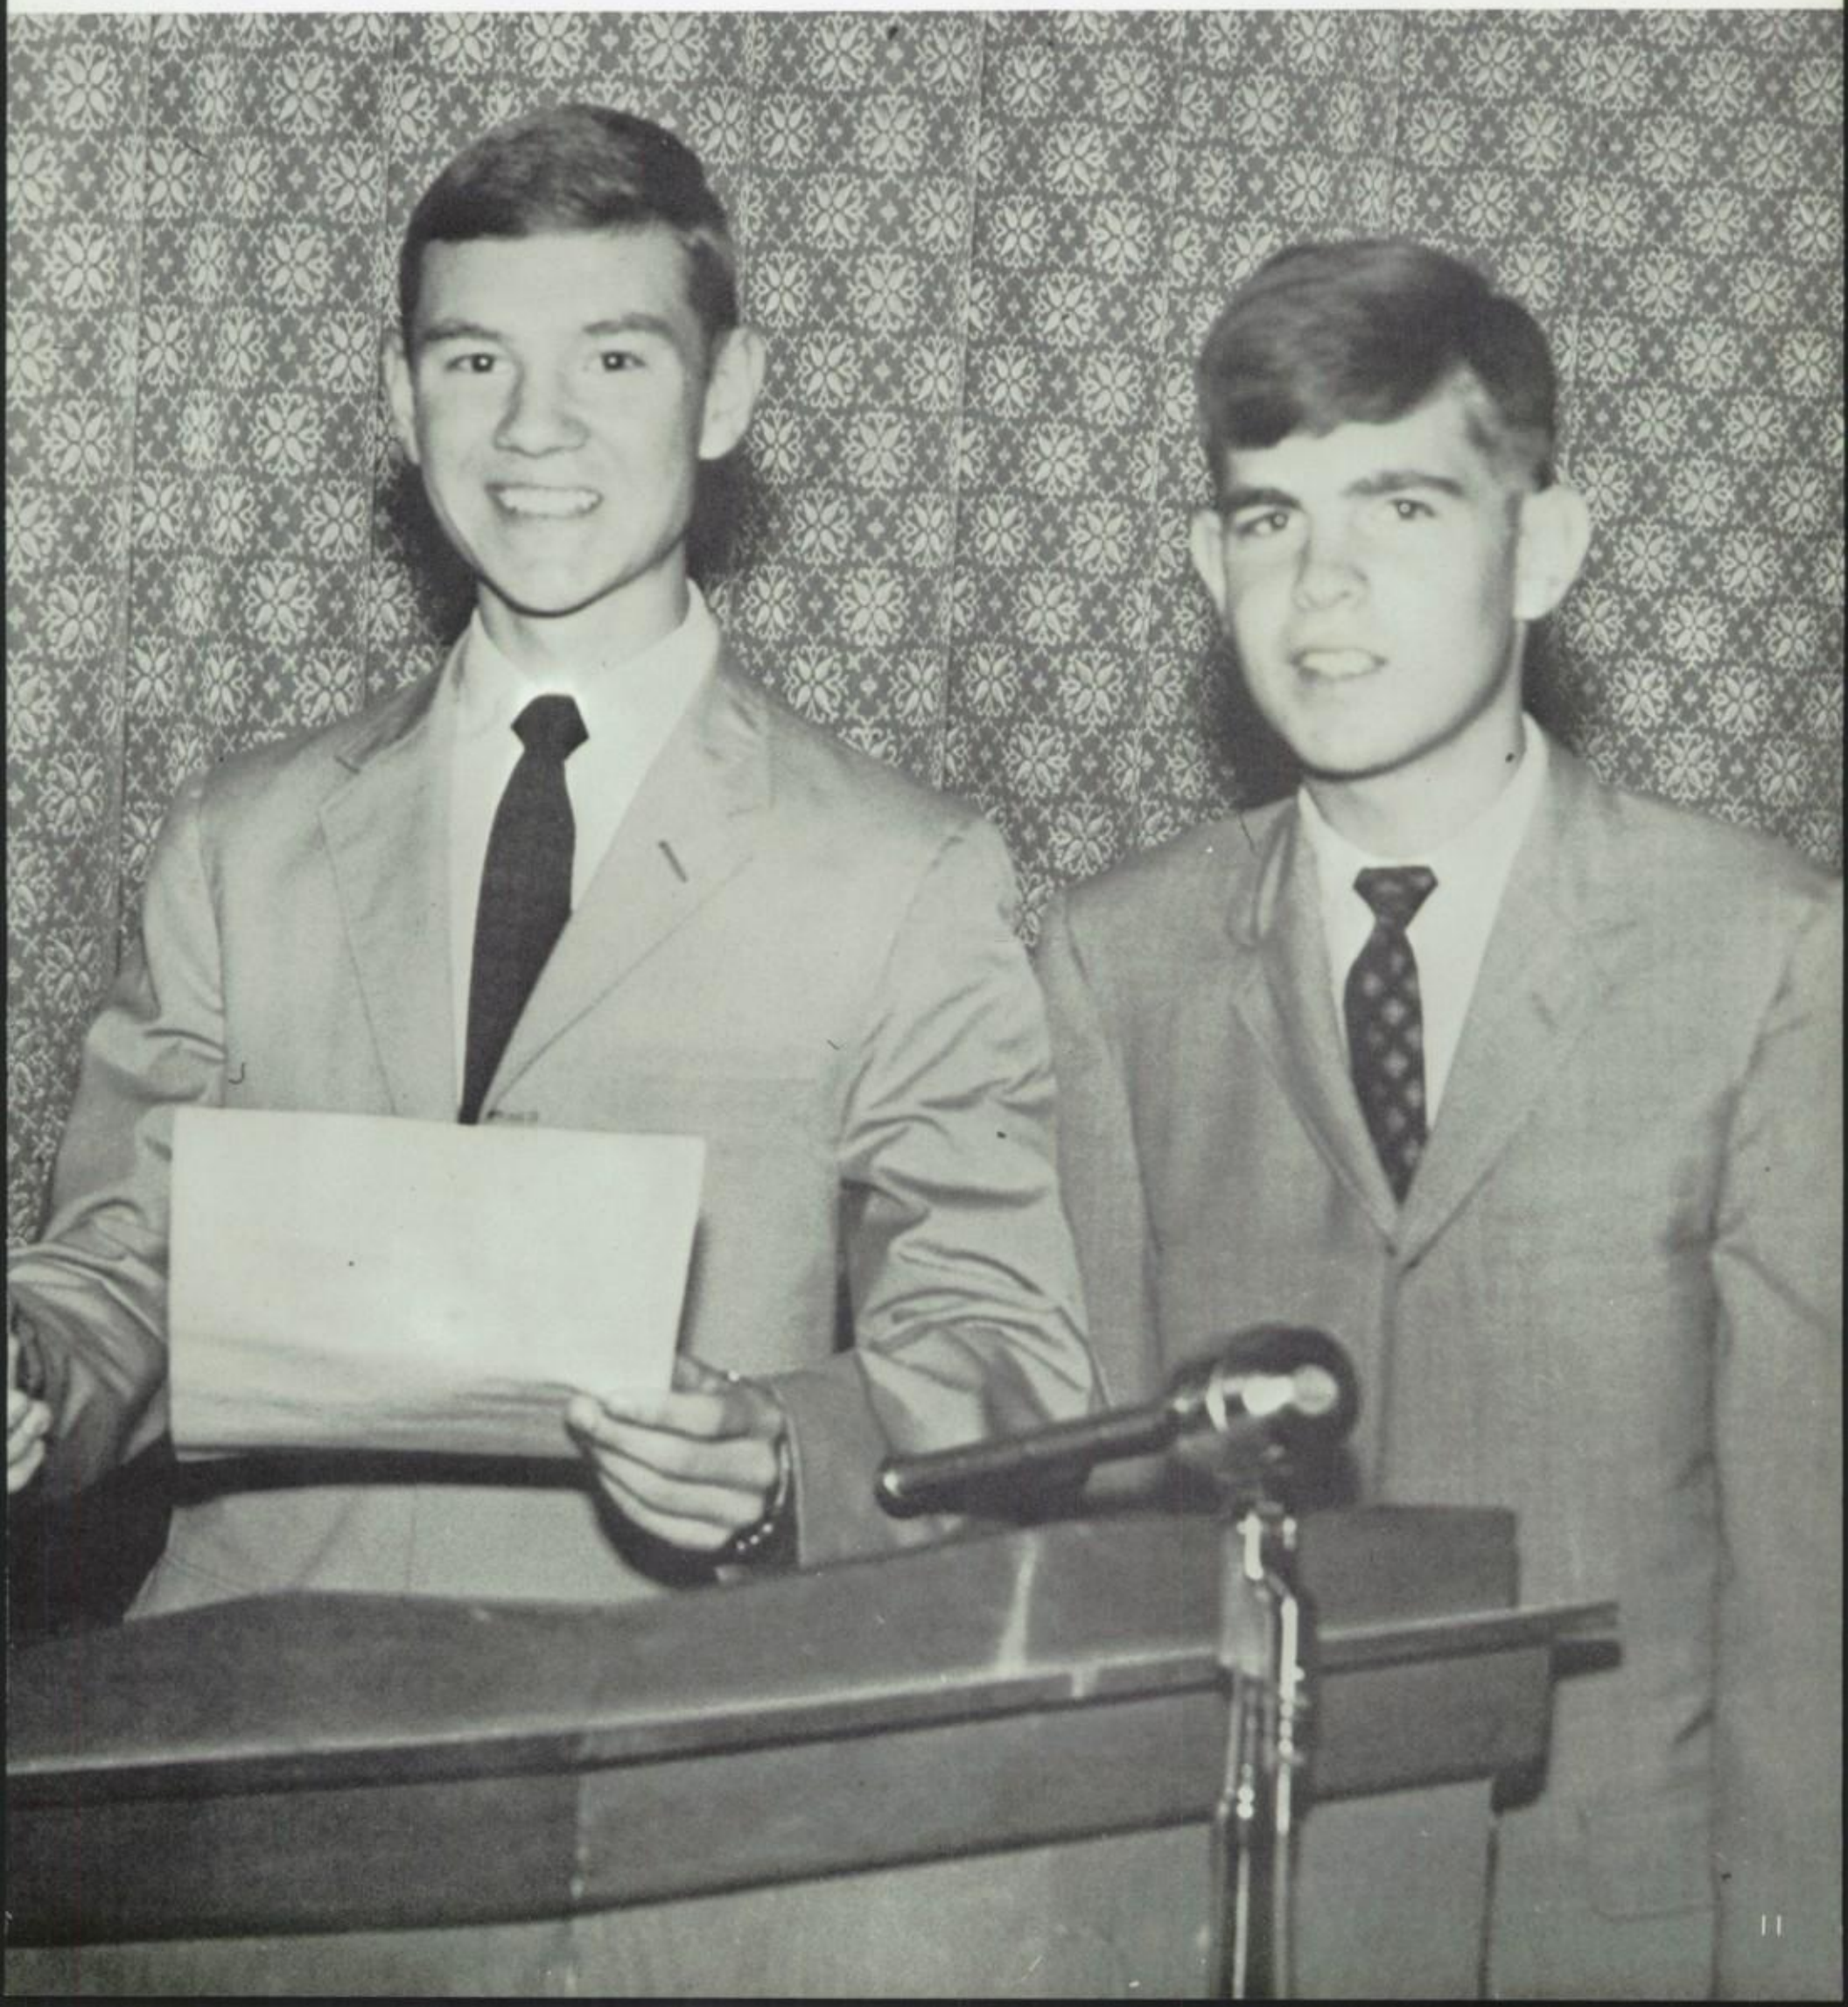

We, the students of Nathan Hale, will continually strive for the highest in conduct and personal standards, in order that we may prepare ourselves to become responsible, conscientious citizens.

We, as future citizens of the Tulsa community, speak for the Nathan Hale student body. However, we fervently hope that others of our generation in Tulsa, in Oklahoma, and in the nation also will publicly define their beliefs concerning ethics in America.

Lift-Off to

. . . Honor!

Lift-Off to . . . Loyalty!

Disregarding the popular opinion that schools are made only of brick and mortar, the Patriot contends Nathan Hale Senior High School is a living body made mobile by the undercurrent of the emotions of the Rangers. A school is instituted when the first galaxy of students ascends its halls. Whether that building will remain an inanimate object or become a thriving, pulsating center of life is up to the spirit and enthusiasm of the student body. A unified feeling needs to be generated to secure the spirit which makes the inane meaningful. Loyalty is the Patriot key to unity. This quality makes a mass one and completes the list of attributes for a successful Ranger lift-off.

Jeff Phillips did not win the homeroom decorating contest but efforts like this contribute tremendously to school spirit.

Joy Rippetoe, Treece Little, and Nancy Black lead the football players onto the field.

Clarence Lawless says, "I told you I would hit the guy who played a sour note!"

Nathan Hale

"I only regret that I have but one life to give for my country"

The United States of America, or more correctly, the United Colonies of North America, was but two months old when it seemed that this new nation would be erased by the vengeful army of Great Britain. General George Washington's army of farmers appeared close to mental and physical exhaustion. The colonists had suffered staggering defeats in their unsuccessful attempts to defend New York and now the Americans faced a superior British Army with superior weapons and a superior military position. When and where the British Red Coats would strike again remained a baffling mystery to a desperate General Washington.

There was no way of matching the British gun for gun or man for man, but the tremendous advantage of secrecy which the British possessed had to be eliminated, so General Washington was compelled to resort to espionage. Although his army included thousands of patriotic officers, he was unable to find a volunteer for this mission. No one responded to the General's call. These men were hesitant to undertake such a mission, not because of the extreme hazard involved, as they faced death every day on the battlefields of New York and Massachusetts, but because they were unwilling to face the possibility of a death without honor. These American patriots were willing to lay down their lives for their country, but not their honor. They were willing to fall under the guns of the British Army, but not under the swinging rope of the gallows—a death reserved for spies.

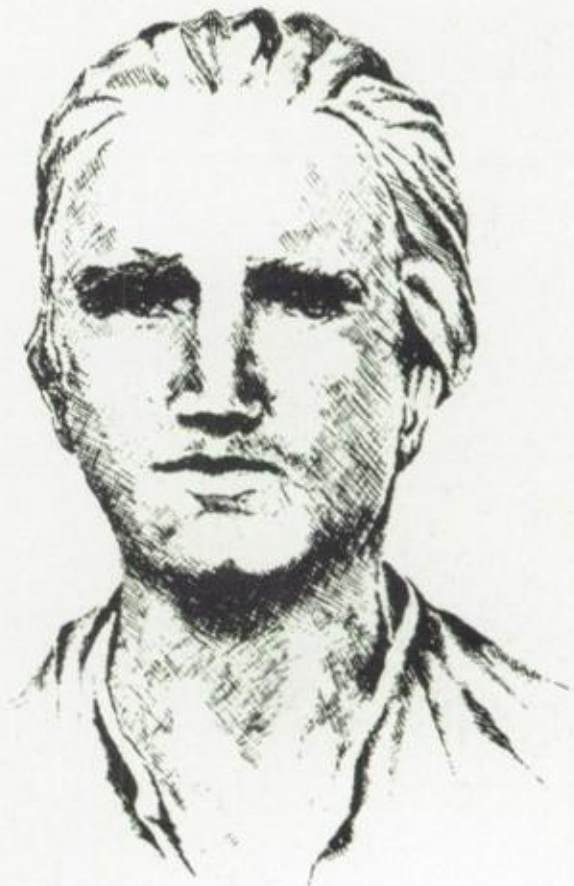

Captain Nathan Hale, of Knowlton's Rangers, belatedly decided to undertake the despicable mission of espionage, not because this young man was without honor, but because he believed that an act of true patriotism regardless of adverse judgment in the eyes of others, was a noble act.

Nathan Hale never had a chance. Possessing no code from General Washington he was forced to

carry the stolen British documents on his person, and when captured and searched by the British his identity as a Captain in the Continental Army was immediately discerned by the British. Never at any time did he deny his station, and without any trial he was sentenced to hang.

The young soldier met his death on the British gallows on a cold morning in 1776. His final words revealed his one sorrow, "I only regret that I have but one life to give for my country."

Proudly the students of Hale accept the name, the Rangers, in honor of the famed company of America's Patriot, Nathan Hale.

Jack Griffin Exemplifies Spirit of Patriot Dedication

At the head of the spirited Rangers this year is Jack L. Griffin, a man who instills and exemplifies the spirit of Nathan Hale. There are few principals whose spirit extends to leading the student body in pep rallies, backing organizational efforts, and supporting the student council concerning a new "Code of Ethics". In every worthwhile student activity, we are supported by this energetic man. He is truly a powerful engine; vital in sustaining the "lift-off" of this student body into learning, honor, and loyalty.

Few students will forget the dark hours before the Rogers game when Mr. Griffin inspired such spirit in the student body that both our arch-rival Rogers and the students themselves were amazed by the show of Ranger loyalty. This year Mr. Griffin has stood behind activities of the

Blue and Gray. He has underwritten the funds of the Spanish club scholarship, loaned his energies to the success of the AFS Program, and aided the training of the 1966 Patriot staff. This man, like the student body he represents, is a model of versatility. His experiences encompass numerous fields of student endeavor, from wrestling to creative writing. In his own words, "No man influenced my life more than my own high school principal", and we of the Patriot staff agree that Mr. Griffin will have the same influence on the lives of students of Nathan Hale.

We firmly believe that the 1966 Rangers could not have a man of higher calibre than Jack L. Griffin, Principal, and to this mold of Ranger learning, honor, and loyalty we proudly dedicate this 1966 Patriot.

Included in the Griffin family are left to right, Jack L., Beth Ann, 2, Brad, 5, Mark, 8, and Mrs. Billie Griffin.

Student Council Provides the Voice for a Democratic Student Body

Student Council Officers are, top left, Lynne Bourscheidt—Inter-school representative, Paula Bumgardner—Treasurer, Patti Fiveash—Recording Secretary, Steve Whiston—Vice-President, Don Bingham—President; top right, *second row*, Don Edwards—Sergeant-at-Arms, Jack Gilbert—Inter-school representative, Carole Coblentz—Inter-school representative, Ryan Petty—Inter-school representative, Pam Binning—Inter-school representative, John Burnett—Parliamentarian.

It is the belief of the Rangers that one of the most important aspects of school life, outside of scholarship, is student government. Here, minds of varied opinions meet to decide upon a fair medium of activity which coincides with the desire of the student body. Each individual voice and opinion is evaluated and the government by which the school revolves is maintained to the best of the ability of the representatives. In Student Council, perhaps only on a small scale, the democracy on which this country was established, functions under the direction of students who will make the decisions of a democratic nation of tomorrow. Under the able leadership of Don Bingham, the council has operated as an efficient, well-organized body of individuals bent on generating the enthusiasm of each individual student and providing activities which have bolstered the school spirit of Nathan Hale to an all-time high. The AFS candy sale, the student council assembly, the Valentine Dance, the car-decorating contest, and Hale's Bells student directory are the outstanding activities of the group.

Sponsor

Possibly the one person that is overlooked in all the activities of Student Council is the sponsor. Sitting obscurely in the background, Mrs. Donna Baker casts a watchful eye on all of the activities which will govern a successful or unsuccessful year at Nathan Hale. No person other than the sponsor feels the immense responsibility of this organization. With her lie the endless details that have to be taken care of to make for a smooth running, efficient organization.

Seventy-six Hale students were initiated into the National Honor Society at the impressive city-wide ceremony this year. Thirty-eight seniors successfully maintained the high standards of the Society, bringing the total Hale members to 114. Through election to the National Honor Society, the school honors those students who have attained the traditional high requirements of worthy leadership and outstanding scholastic achievement. Each member is challenged upon

initiation to play an active role in achieving the Society's goals, promoting creditable leadership, giving service to the school and the community, and encouraging the development of character. The members, led by president Jane Dickerson, provided the student body with a bookstore and a tutoring service. The Society membership roll here emblazoned on silver includes many who have led the Hale student body in the fulfillment of the goals of "LEARNING, HONOR, LOYALTY."

RANGERS-IN-REVIEW COMMITTEE

Led by chairman Cathey Simmons, the Rangers-in-Review Committee reviews the accomplishments of Hale seniors. It is the job of the committee to

select six outstanding seniors to receive the annual Rangers-in-Review awards given each spring, the highest award a Hale student can receive.

KEY CLUB

The Key Club is primarily a community and school organization which promotes the following ideals: to give precedence to human and spiritual values, rather than to the material values of life; to encourage the daily living of the Golden Rule in all human relationship; to adopt and apply higher standards in scholarship, sportsmanship and social contacts; to develop, by precept and example a more intelligent, aggressive and serviceable citizenship; to provide a practical means to form enduring friendships; to render unselfish service, and to build better communities; to cooperate in creating and maintaining that sound public opinion and high idealism which makes possible the increase of righteousness, justice, patriotism, and good will.

Annually the Key Club attends two conventions, district, and regional. The district convention is held in Tulsa in October of 1965, and the regional convention is held in Dallas, and lasts for three days in April. Each convention's purpose is to motivate each individual Key Club member into making the ideals of Key Club a part of his everyday life. Among the other events on the Key Club calendar are the Leadership Banquet and the Father and Son Banquet held every year. In order to be elected into Key Club, one must have and maintain a 2.5 grade average. The Club is no larger than 5% of the male membership at Hale. Presently, 35 students are members.

Members are, *first and succeeding rows*: Larry Crain, Don Humphreys, Bob Wilson, Phil Dessauer; Gary Underwood, Ed Cadenhead, Jimmy Williams, John Burnett; Don Bingham, Sterling Ming, Kerry Warner, David Gustine; John Rainwater, Mike Wortley, John Henry; Gary Pollard, Tom Saltzman, Larry Woffard; Steve Eady, Nik Jones, Pat Tyler; Jeff Skinner, John McCrory; Terry Stuart, Tom Watkins, Steve Lee, Gary Farabough; Mr. Troy Miller, Steve Ellason, Dick Gann; Ryan Petty, Lonnie Fugit, Steve Whiston, Les Ellason; Sam Gaddy, Mr. Arliss Olds, Richard Wright.

RADIO CLUB

Broadcasting daily from the Hale campus and operated by the Amateur Radio Club, Station W5JUP is another part of the diverse interests of the Ranger student body.

The primary goal of the members is the attainment of the difficult Federal Communications Commission Amateur Operator's License. Cooperative effort among the students allows them to more easily overcome common problems and develop necessary skills.

This year many of the "Ranger Hams", ably led by President David Lee, were again successful in developing both the skills and the attitudes that characterize the enthusiasts of this fascinating and fast-growing interest. Mr. Joe Large is sponsor.

Officers of Demoiselles

A familiar sight at school functions is that of girls posted at each entrance to the auditorium, presenting programs. This is but one of the functions of a very busy Hale organization, Demoiselles.

A new service was initiated this year when the Demoiselles ushered at the Tulsa Little Theatre productions.

Activities are not restricted to service activities, for the club also has an active social calendar. These events include a Mother and Daughter Tea, buffet dinners, and a progressive dinner.

The diversity and value of the Nathan Hale Junior Classical League's activities reflect the quality and interest of the 1965-'66 membership. Activities were planned and executed by an imaginative staff of officers led by Don Bingham, president of the state Latin Clubs. Don's experience as president gave the club many new ideas for a successful 1966 Latin Club as he got to travel to California last summer for the annual National Classical League Convention. Nor were the rest of the club

officers less capable. Chapter officers were Judy Young, president, Jo Ellen Thompson, vice president, Karin Lohr, secretary, and Patty Works, treasurer. The annual Roman Banquet, Saturnalia celebration, and May Latin-style picnic were marked by the same enthusiastic participation that is characteristic of the Ranger Junior Classical League. Through varied activities the Hale chapter successfully attained the J.C.L. goal and carried "The torch of classical civilization to the modern world."

SPANISH CLUB

Various Activities Highlight Los Caballeros De Espana

Spanish Club officers and sponsors are left to right, Mrs. Melba Rice, Jim Brady, Diane Padden, Gary Underwood, Mary McPhail, Toni Dale, Bonnie Frank, and Mrs. Olga Hargett.

The Knights of Spain boast the largest membership of any student group at Hale. This high level of interest is due to several reasons; the apt leadership of O. A. Smith, sponsor, who has enabled the students to obtain a broad understanding

of the Spanish culture, diverse and worthwhile programs such as Spanish dancers, discussions by foreign exchange students, and parties influenced by Spanish customs.

GERMAN CLUB

Exploring into the past of Germany and its tradition yields a knowledge of not only a great nation but of history which has had a direct influence on America. The study of this language alone has proved an exciting challenge, yet

the outside research and information obtained during the charter of this year's club supplemented an already colorful and interesting history. Guest speakers and individual research provide devices to enhance a far from "dead language."

Members are from left to right, Craig Richardson, Michael Adkins, Treasurer, Tim Hontz, Joyce Crew, Dale Crandall, Bonnie Frank, Program Chairman, Dwight Thomas, Nancy Brown, Bill Kronholm, Andy Stambaugh, President, Pam Klein, Ronnie Searcy, Mike Adkins, Sherril Griffin, John Fleak, Guy Logsdon, Cathy West, Vice-president, Chris Matthews, Mike Cisco, Mrs. Sallie Sparks, sponsor.

Admission into the French club is for all French students who are interested in the history, the geography and the culture of France.

Among the group's activities is the annual trip to the O.U. Medical Center. Meetings consist of

many informative and well organized programs at which guest speakers appear.

It is the goal of the Medical Club to motivate the youth of Nathan Hale to fill the positions of need in the community. This group provides a valuable opportunity for students to choose a field they would like to pursue in education.

Inklings is Hale's annual publication of students' creative attempts at prose or poetry, written in the course of the school year. Preliminary selections are made by the students' English teachers and

checked for technical mistakes. Selections are read without a name attached so members of the staff will make unprejudiced choices. The staff is divided into several groups which work as separate units, meeting occasionally as a group for major decisions. Inklings are sold on subscription early in the second semester and distributed to the students in May. Inklings is representative of the finest creative writing at Hale.

sembly in which the members plan, direct, and present a variety of skits. Try-outs for acceptance, judged by club members, limit the membership.

THESPIANS

The Hale National Thespian Society Troupe #674 worked to live up to the Thespian motto, "Act well thy part, there all the honor lies". Twenty-nine active members presented the color movie, "Bye Bye Birdie", as a money-making project,

CROSS COUNTRY TAKES STATE

Hale runs to victory once again!

Tom Belcher strides out!

Nik Jones and Gary Pollard pose.

For two years Hale distance men ran in the dust of defending champion Ponca City. The 1966 Cross Country team was determined not to receive the runner-up trophy a third time. The Rangers ran six to ten miles daily as part of a rigorous training program.

Although the season opened slowly as Hale lost the first three dual meets, the young men remained undaunted and were inspired by their coach Glenn Chowins. The result was that other than those three losses the team was undefeated and at the close of the season Hale ranked as Oklahoma Seven Conference Champions. The crowning achievement was victory over the champions of Ponca City and the subsequent winning of the state meet.

Lettermen of the team included Byce Brannan, Mike Rydin, Kirk Coverstone, Stan Henderson, Tom Belcher, Nik Jones, Tom Neuenschwander, Joe Milhorn, and Mike Ball. Besides serving as one of Hale's outstanding runners, Byce Brannan was selected for the All-State Cross Country Team. Under the leadership of Coach Chowins, Hale can look forward to another successful team in 1967.

FOOTBALL

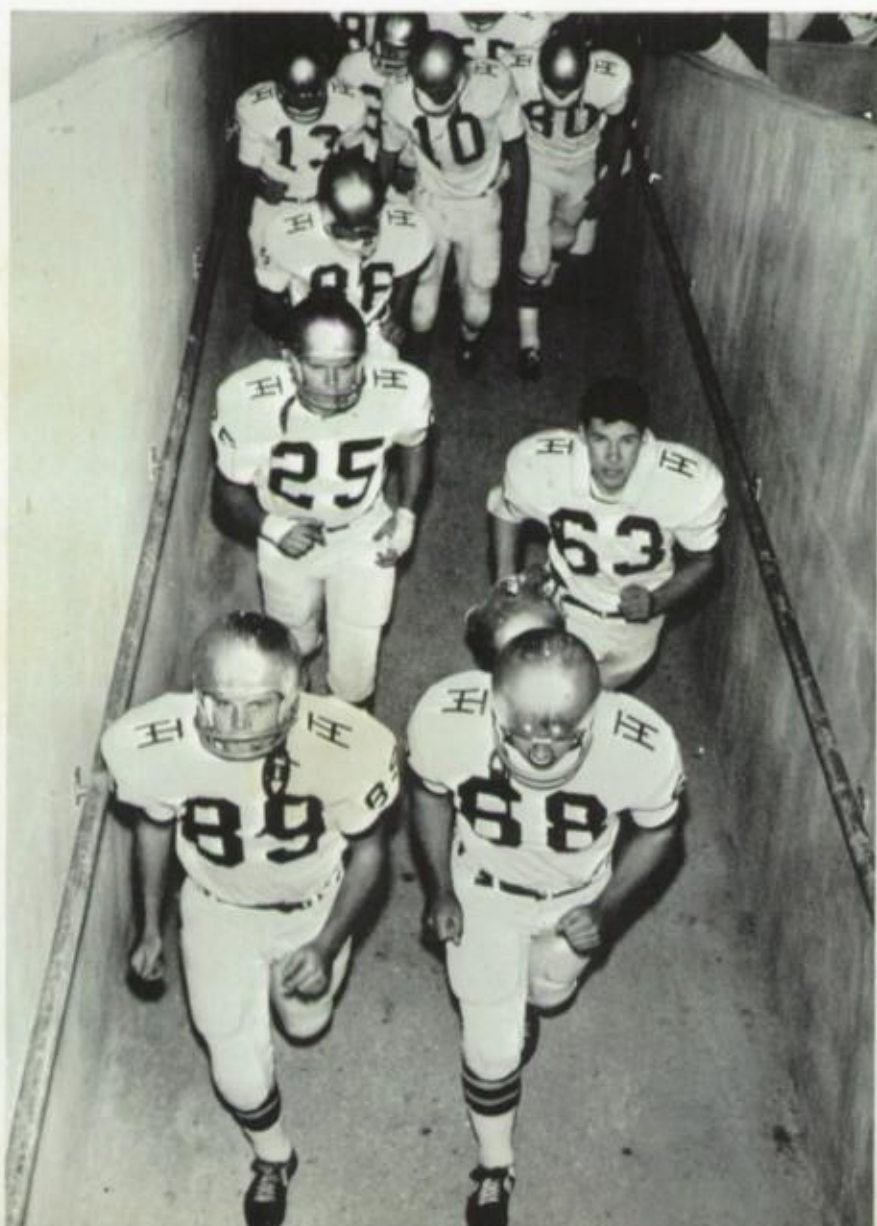

Hale's Bill Sands stops a near touchdown!

Another key play is stopped by Hale's defense.

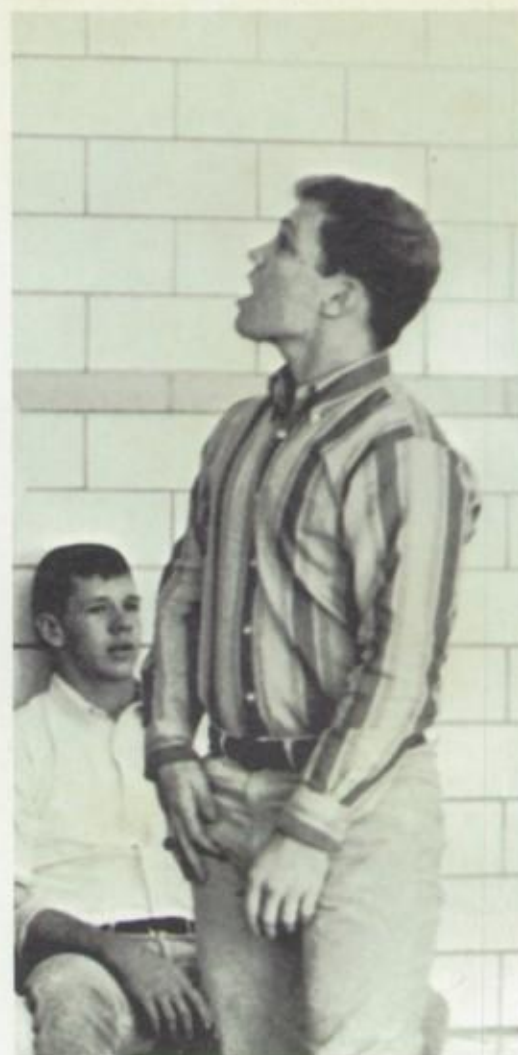

We'll try one more time.

This year could not be said to be a highlight in Nathan Hale High School football history. With only two wins to our credit, one might have thought that the Rangers would become discouraged, but as the season went on, more and more Rangers rallied to cheer the players on to a fighting finish. The Ranger football team never gave up. A game that comes to mind easily is that against McLain High School. After a six year perfect record of never being defeated by McLain, we were in the position of facing the strongest McLain football team ever. All forecasts pointed not only to our defeat, but to a veritable slaughter. Yet before packed Hale stands, the Rangers went on to hold the Scots minute by minute until we achieved the ultimate victory. Spirit and school pride remained strong until and including the final game at Norman, when the Hale fans present were ready to defend the honor of Hale.

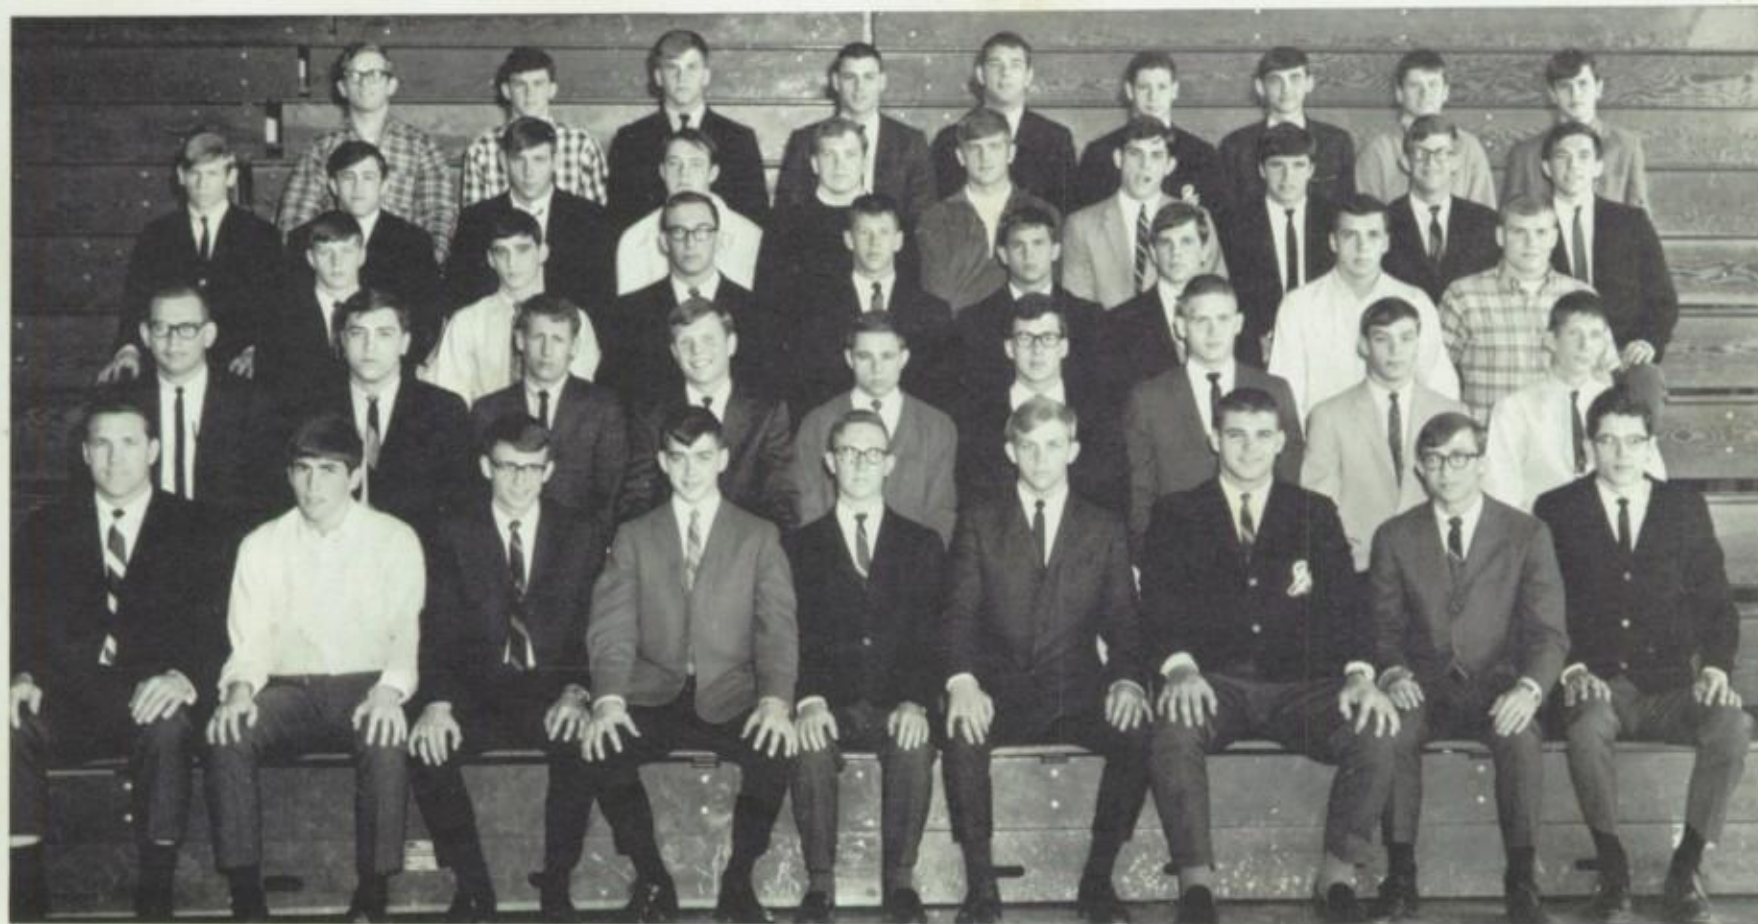

Key block sets the scene for long yardage.

David Gustine lets off a little steam before practice.

Mike Clinton nabs a rebound against the Hornets.

The 1966 Hale Rangers faced a year of rebuilding after graduating nine members of last year's team. The outlook was made more dismal when one letterman and four other top prospects were transferred in a redistricting move.

This year's team was led by the only returning, experienced player, Sam Gaddy. The Rangers had to depend on underclassmen to fill most of the other starting positions. Although lacking experience, the Rangers, led by seniors Sam Gaddy, Larry Wofford, Alan Rutter, Gerald Pirtle, Jim Cox, Buddy Gardner, Phil Dessauer, junior, Tim Breedlove, and sophomores, Neal Mask and Mike Clinton gave a good account of themselves by "hustling and aggressive" play.

Counselors Bridge Gap Between Learning and Understanding

One of the most valuable assets of the student body of Nathan Hale Senior High School is the excellent guidance provided by this part of the Hale Faculty. Understanding is the commodity offered the students by these individuals. Each student is placed under the watchful eye of one counselor and the progress of the individual is under strict supervision as the vital parts of his curriculum are assembled. The solutions to the perplexing problems that often confront the pupil in the course of his education are often found in the office of his counselor. The cardinal aspect of education at Hale is learning through understanding and Nathan Hale counselors apply this aim to the maximum.

Lift-off into the future connotes many things for all of us. The uncertainty of the future elicits apprehension for some. However, the burst of knowledge in every area of learning and the ultimate positive effect on our lives should generate excitement and an air of optimism in everyone.

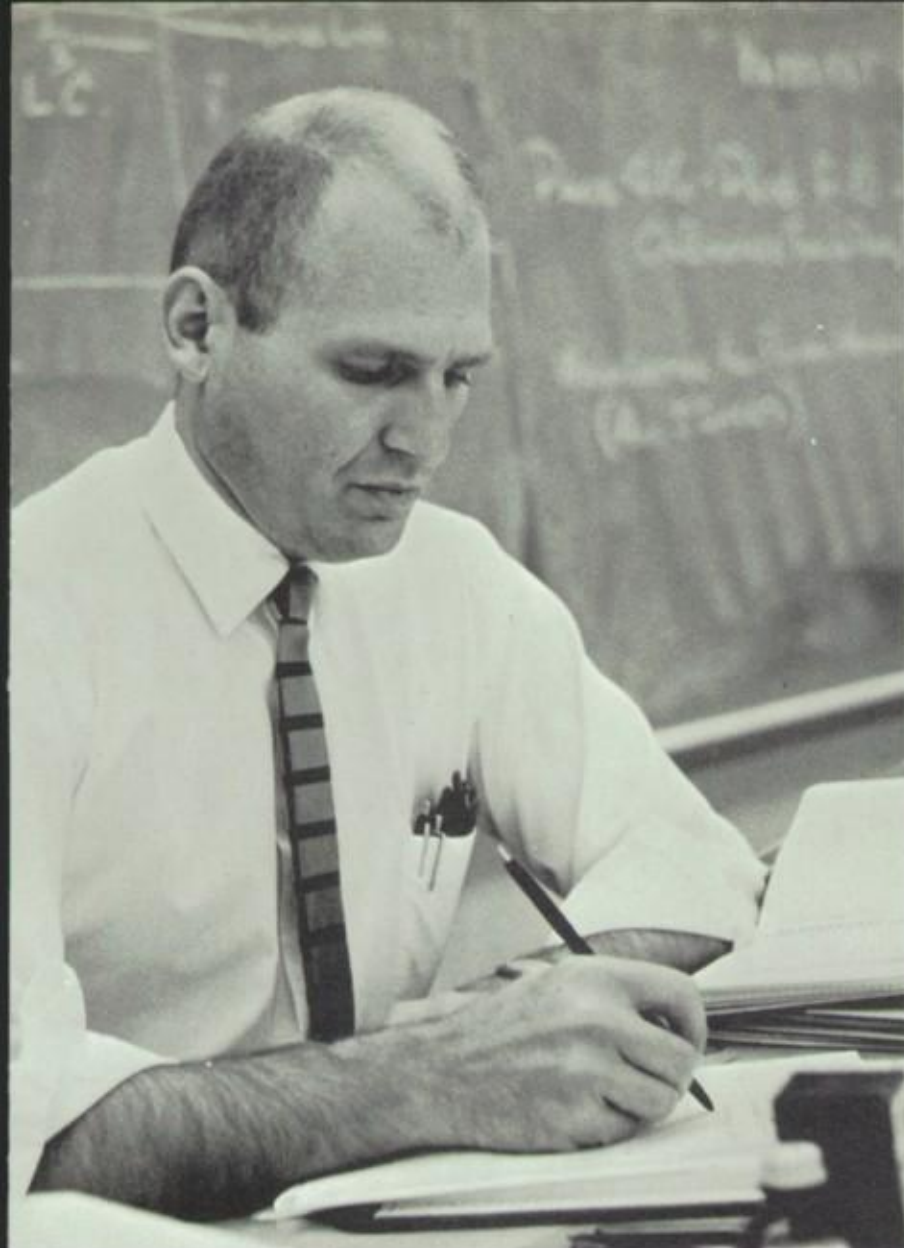

Science and technology have created new frontiers for the bold and imaginative individual. Our conversation and vocabulary are fraught with terms which reflect our progress; cybernetics, laser beam, cetacean languages, exobiology, interstellar probes, fusion power, and many others.

In a few short years many of you will be engaged in the endless challenges of the space fron-

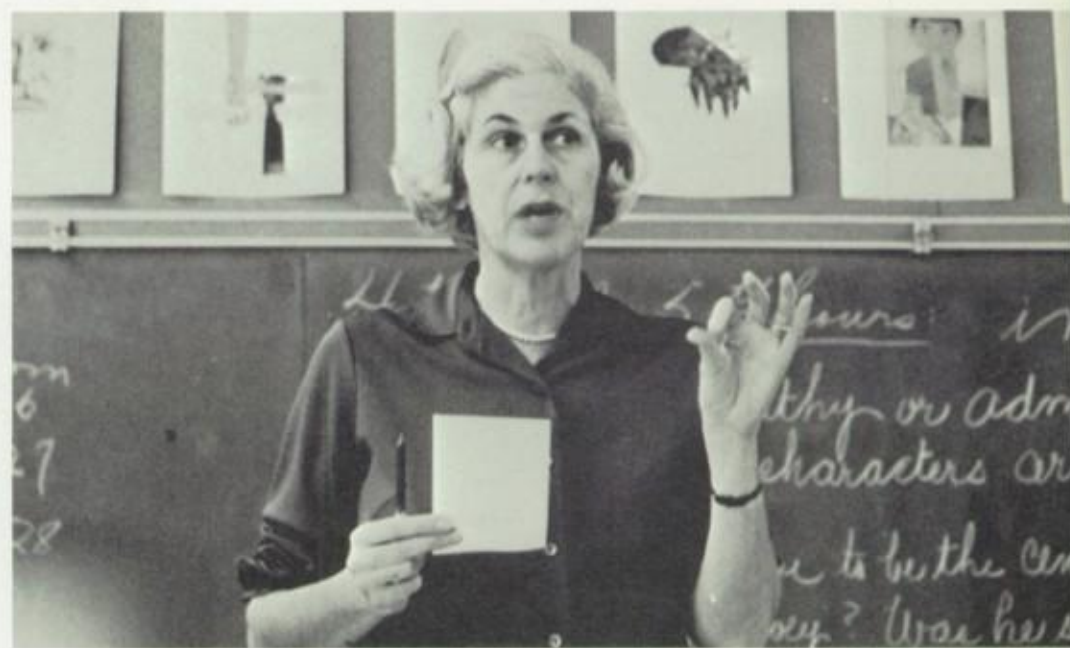

tier; for others the frontiers of medicine and the unconquered diseases that have harassed men for ages will know your abilities. For some it will be the frontier of creativity, sharing through art, music, and literature the talents with which you have been endowed. There remains, however, the frontier of human relations that must be challenged by the young and old alike and which, with each passing generation, waxes more complex.

What shall we profit with knowledge and refinement if we lack a sensitivity to human understanding. May our greatest attribute be manifested compassion for our fellowman. May doing for others be our most notable accomplishment.

The Senior Class officers guide the class of '66 which in the final stage is ready for Lift-Off; Gary Underwood, vice-president, Norma Curley, treasurer, Becky Asling, secretary, and Mike Wortley, president.

Stage III — Seniors

Slowly and meticulously the construction of Stage III continues. Each passing moment supplies the active components, each one vital for a successful Senior Lift-Off. The Senior play, "The Heiress," under the direction of Miss Laurine Hager was the pinnacle of Stage III. The Senior Mixer, pep rallies, football games and extra-curricular activities are the prefabricated units now ready to be assembled as the final minutes before lift-off arrives. Yet in these last few minutes of the count-down there is a mass of potential—waiting to materialize. Aiding

the materialization of this potential are the officers of the Senior Class. The president and pilot of this trip into the future is Mike Wortley. Gary Underwood, vice-president, is ready to assume the controls in the absence of the president. Becky Asling, secretary, plots the uncertain course and records the progress. Norma Curley, treasurer, is in charge of the monetary provisions necessary for this venture. Lift-off time draws nigh and anticipation increases with each waiting moment.

May the time, training, and accomplishments of the past three years determine the decisions of the future; Seniors are the foundation of tomorrow.

The Junior Class led by Rick Welker, vice-president, Ruth Ann Miller, secretary, Charla Stinebuck, treasurer, and Dick Gann, president, prepares to board the flight which will carry them to the point where they also will be ready for Lift-Off.

Stage II — Juniors

Heralding the din of Senior year preparations, Junior activities proceed on a smaller scale unhindered by the critical time factor known to the constructors of Stage III. The Juniors busy themselves in the construction of the vehicle which will later make possible their lift-off. The pace of assembly is not as furious, yet the importance of quality derived from their efforts is equally important. Dick Gann, president, Rick Welker, vice-president, Charla Stinebuck, treasurer, and Ruth Ann Miller, secretary, supervise assemblage of the units necessary for a solid second stage. The Junior Class Cookout uni-

fied the resources of the whole for the benefit of each individual. The enthusiasm was evidenced by the Junior Class production, "Androcles and the Lion," directed by Mr. Coy Conner. Stage II is unlike the others. As a Sophomore the expectation and enthusiasm with which one greets high school is a small scale lift-off in itself. Yet in the period of the Junior year all hopes of a successful embarkation are either rekindled or hopelessly lost. This is a time when the base of the up-coming lift-off is formed for the construction of the space vehicle.

Be consistent in learning, application, and achievement. The major elements of a future Lift-Off are won or lost in those few precious months one experiences as a Junior.

Junior Board members are, *row one, seated*: Charlotte Rhea, Debbie Peters, Rita Albertson, Kathy Casey, Susan Coury, Chris Doverspike, Lela Lawyer, Charla Stinebuck, Ruth Ann Miller. *Row two, standing*: Mr. John Hurn, sponsor, Tim Lashley, Mike Tedrick, Mike Matthews, Mike Ball, Larry Clayton, Randy Pratt, Steve Whiston, Nik Jones, Ryan Petty, Bob Wilson, Rick Welker, Dick Gann.

The Sophomore journey has just begun as Bill Kelamis, president, Frank Creamer, vice-president, Jackie Pitcock, secretary, and Susan Willhour, treasurer, eagerly await the challenge of the future.

Stage I — Sophomores

Perhaps the most important stage constructed in the assembly of a lift-off bound missile is that of the Sophomore stage. The importance of a sturdy construction of this first stage cannot be over-emphasized. Its eventual path will be influenced by the quality of material put into this early planning. The project continues under the watchful eyes of Bill Kelamis, president, Frank Creamer, vice-president, Jackie Pitcock, secretary, and Susan Willhour, treasurer, and extreme care is taken in its construc-

tion. Yet this care must be nurtured with consistency, which is the prime ingredient for the vital lift-off to come. The Sophomore Mixer and the money-making Sophomore class players directed by Mr. Coy Conner are steps in this development. As time goes on new horizons are discovered by these eager, young, resourceful minds. At this moment the Builders of Stage I are choosing between "a house of straw" and "a house of bricks."

Build well the launching pad for upon this foundation the success of later stages will depend.

Sophomore Board members are, *row one*: Bonnie McPhail, Donna Crandall, Gay Terebesy, Marcia Drake, Sharon Sullivan, Dana Houchin, Peggy Lees, Wanda Harkey, Teresa Groom, Susan Richards, Janis Tatum, Jeredith Willenburg, Rhonda Ohls, Susan Willhour, Jackie Pitcock, Mrs. Elizabeth Mohr, sponsor. *Row two*: Nick Westcott, Neal Mask, Bucky Utter, Steve Ellason, Roger Robertson, Darryl Emmert, Bob Moreland, Wayne Lerch, Frank Creamer, Bill Kelamis.

PATRIOT STAFF

Pam Binning—Layout Editor

The 1966 Patriot Staff, like the Patriot itself, is made up of people marked by diversity and colorful new ideas. An organized, efficient unit of photographers, writers and lay-out artists was forged from the raw material composed of nineteen young scholar-journalists.

Training of the staff came in several ways. On September 25, the staff members attended a state-wide workshop at Central State College, Edmond. Susan Gardner and Carol Settle spent four days in Chicago at the National Scholastic Press Association's annual convention, learning new techniques from yearbook experts. The staff also attended a conference in Norman, April 29.

Cooperation among staff members was achieved largely through the efforts of Mrs. Riggie Moore, sponsor. Supervising the work of staff members meeting during two separate class periods, she provided the coordinating and unifying influences that are so necessary for a well-organized yearbook.

It is the hope of the Staff that the 1966 Patriot will bring pleasure to its readers, both now and in later years, and that we have captured some of the excitement of high school years, the true "Lift-Off" to the future.

Boost Ranger School Spirit

The old cliché, "behind every successful man is a woman", holds true with Nathan Hale athletic events. The combination of the spirit the A-squad Cheerleaders, Rangerettes, and B-squad Cheerleaders generate provides a powerful motivation for the athletes of Nathan Hale. These girls are around to share the victories and defeats of the Ranger teams, or individuals. It is not possible for one school to excel in every sport. Each year brings surprises in every athletic contest, yet the girls are always there to cheer the boys on. Both the A and B-squad Cheerleaders start practicing soon after they are selected and participate in several of the state and regional cheerleading clinics. Many hours of hard work go into the preparation for each event.

International Understanding

American

Maria José (Jo) Terol from Spain, sits in the garden of her American family's home.

Jo Terol is from Madrid, the capital city in the central part of Spain. She graduated from the British Institute School and the Normal Spanish High School. She loves to read and swim and is interested in philosophy and literature. At Hale she has Honors English, French I, Shorthand, Speech I, Typing I, and Gym.

"During my stay in the United States, I've discovered three main things: the goodness of the people, the greatness of this nation and the understanding among people of all nations and all races."

"Being a Ranger has made me proud of Nathan Hale High School. I'll never resign myself to say goodbye to this country; I've made up my mind long ago and I know sometime in the future I'll come back, and recall this unforgettable year. I thank all the Rangers for the opportunity they've given to this Spaniard. Thank You."

I only regret that I've had but one year to spend in my foster country."

Maria José Terol Spain

Andréa Colares is from the largest South American country, Brazil, whose native language is Portuguese. She lives in the coastal city of Fortaleza in the northeastern part of the country.

She attended an all girls parochial school only in the mornings, six days a week. With the mild climate, she was able to go to the beach almost every day.

Her classes at Hale include English, World History, A Capella Choir, Speech I, French IV, and Basic Art. She loves to read and listen to classical and Brazil's bossa nova music.

"Nathan Hale is an important part of my American life. Here I began to learn and understand more about the United States. All the teachers and students represent more than simply Americans to me—they are my friends, and through them I have learned to appreciate the differences in our views of life."

"I want to thank all the Rangers for this wonderful year. In the future, no matter in what part of the world I may live, I will never forget the Rangers. They will always have a place in my heart."

Andréa Colares Brazil

Listening to music is a favorite pastime of Andréa Colares, AFS'er from Brazil.

. . . Americans Abroad

Jane Dickerson, her German mother, and Manuela, Jane's German sister, toast to international understanding.

"It was only ten years ago that my 'German family' moved from East to West Germany. In East Germany 'Dad,' a ladies' tailor was considered a capitalist because he had ten employees. 'Mom's' first husband was killed by an American-dropped bomb, yet I was living in her home, as her daughter. I am grateful for the privilege of knowing and loving this German family and their country.

"It is through the efforts of many that such experiences as this can be, and I thank each one of you who contributes to the AFS program. It is difficult to imagine the magnitude of good will that such a program encompasses.

What is gained most is the depth of experience that is exemplified in the American Field Service motto 'Walk together, talk together, O ye peoples of the earth; Then and only then shall ye have peace.'"

First Year for Alma Mater

NATHAN HALE, ALMA MATER

J. L. Griffin

L. T. Jordan

We stand in strength united
We pledge our firm devotion to the silver and the blue,

Tradition is a commodity in short supply at Nathan Hale. The songs, the activities, and those few traditions that have been handed down to present day seniors are respected, adhered to, and used as a means to generate spirit at every Ranger opportunity. For the last two years it has been the privilege of the students of Nathan Hale to have an extremely capable and talented man for their principal. It is this same man who wrote Hale's Alma Mater. The music was composed by senior Tom Jordon. It is the hope of the Patriot staff that this Alma Mater will add to the growing list of Hale traditions and present something in which Rangers may take pride.

Our colors go before us to shine eternally.
And sound our cry to all the world our faith to them imbue.

ALMA MATER

We stand in strength united
To mold our destiny,
Our colors go before us to
Shine eternally.

This power and light
Will gird us for
This pow'r and light will gird us for what the future holds,
Thru courage, might, and labor we claim a brighter day,
Through learning, honor, loyalty
As life to us unfolds.

We pledge our firm devotion
To the silver and the blue,
And sound our cry to

All the world our faith to them
imbue.

Thru Learning, Hon-or, Loy-al-ty, as life to us un-folds
And look to men of Na-then Hale to lead us all the way, to lead us all the way
Through courage, might, and
Labor we claim a brighter day,
And look to men of Nathan Hale,
To lead us all the way.

"The World's Best Yearbooks Are Taylor-made"

A painting of a rocket nose cone, likely the Apollo 11, floating in space. The nose cone is white with a gold band around the middle. It is oriented diagonally from the bottom left towards the top right. The background is a dark, deep blue space filled with numerous small, white stars. A large, bright, circular object, possibly the Moon or a planet, is visible in the upper right corner. The nose cone has some markings on it, including the number '31' and the word 'APOLLO' in a stylized font. Handwritten in gold cursive on the white part of the nose cone is the text: 'Take off in the world', 'Scott, 68', and 'Stan Wilkerson'.
